

GBO Resignation

GBO

The board shall consider any employee's resignation which is submitted to the board in writing. The board may accept resignations from employees under contract when the resignation will be in the best interests of the service center.

An employee who has signed a contract and accepted a position in the service center for the coming year or who has not resigned by the continuing contract notice deadline shall not be released from that contract to accept another position until a suitable replacement has been employed.

If the employee terminates employment in the service center without complying with board policy, the board may assess liquidated damages and/or petition the State Board of Education to have the teacher's certificate or license suspended if applicable.

Exit Interviews

Exit interviews may be conducted after an employee resigns.
