

Unless otherwise provided in this policy, individuals are prohibited from recording students, employees, and/or board members surreptitiously or through the use of concealed audio and/or visual recording devices. This prohibition is in effect at learning centers, on or in service center property owned or leased, and at meetings and conferences held for educational or disciplinary purposes.

Exceptions to this prohibition include the use of video surveillance throughout service center facilities and in service center vehicles; the recording of meetings subject to the Kansas Open Meetings Act; and the recording of a service center sponsored activity, program, or event which is open to the general public.

Individuals wishing to record students, employees, or board members at a learning center, on or in service center property, or at meetings and conferences as previously described shall first notify the executive director or building program coordinator in advance. If such recording is not prohibited by law or policy, the program coordinator may allow the recording and may make arrangements to record on behalf of the service center.

Approved: SCKESC Board of Directors: 3/1/17
