

The board of directors, in its commitment to provide a positive and productive learning and working environment for its students and staff in accordance with state law, prohibits bullying in any form by any student, staff member, or parent towards a student or a staff member on or while using service center property, in a service center vehicle, or at a service center-sponsored activity or event. For the purposes of this policy, the term “bullying” shall have the meaning ascribed to it in Kansas law.

The administration shall propose, and the board shall review and approve a plan to address bullying as prohibited herein.

Parents participating in prohibited bullying conduct aimed at service center students and/or staff members may jeopardize their access to service center facilities; service center property; service center sponsored activities, programs, and events; and/or service center students and/or staff members through the service center’s communication systems. As appropriate, reports to local law enforcement will be filed to report criminal bullying behaviors.

This policy and the service center bullying plan shall be posted on the service center’s website and copies of such documents shall be made available to parents of current students upon request.

Approved: SCKESC Board of Directors 09/2013, 2/2016
